Bennie Freeburg, who had been in Albuquerque taking army training at the State University, has returned to his home in this city.

Harry Grubbs, who has been in the service of Uncle Sam for several months, has been discharged and returned home last week.

Holcomb Hittson, has returned home from army training and while he did not see any real service, he looks like a real soldier. He would certainly made good if the war had not stopped before he was called into the army.

F. C. Beebe has returned home from California. He says Tucumcari looks good to him. That's what they all say about Tucumcari. He has accepted a position in the Elk Drug Store where he will be glad to meet his many friends.

The store windows in Tucumcari show that this city is fast regaining its reputation as one of the most civilized towns in the state. If you are "from Missouri" just come to town and look around. It's no trouble to "show you."

John Grayson has been appointed city marshal. He has had considerable training along that line and for the past year has been deputy to Sheriff Street. He has already started work and there is no doubt about him being able to make good.

Archie M. Smith returned from Tucumcari Saturday, where he was confined in the Tucumcari Hospital with pneumonia. Mrs. Smith and Mr. and Mrs. C. W. Jones met him at San Jon Monday, returning Tuesday.—San Jon Sentinel.

A letter from Aunt Mae Waller to the News says "Put a little note in your paper. Tell all my children there in Tucumcari to send me a Christmas card and when we get to visiting some of California I will write." The address is Escondido, Calif.

NOTICE—An office desk in fair condition, belonging to estate in trust of Arthur Gordon, will be sold at auction to highest bidder for cash, at my office Monday morning, December 23, 1918, at ten o'clock.

E. D. Bruce, of Montoya, informs the News that his son's name was omitted from the list of army and navy men who helped win the war. He is in France and has not been heard from for several weeks and Mr. Bruce is of the opinion that he is on his way to Berlin.

The slick sidewalk at the postoffice entrance has put a number out of business. Dr. Bueler, the osteopath, has been kept busy setting misplaced bones and repairing damages to those who have slipped and fell. Some of the parties have never fully recovered from these falls.

Jepp J. Neill, of Endee, who has been in the army for several months, returned Sunday. He was on ship bound for France when armistice was signed. A wireless ordered the ship back to New York where he was discharged. While he is glad the war is over he was sorry not to get across and see a little of the big fight for which he had been trained.

Dr. Thomson has closed out everything he had for sale. He was very well pleased with his sales but the bad weather interfered and he sold quite a lot at private sale. He will go to El Paso to spend the winter but plans returning to Tucumcari in the spring. He thinks of building an apartment house near the business part of town which he will fit up to rent for light house-keeping.

The flu situation is very much improved in Tucumcari but the surrounding country is reported with many cases. Not one case has been reported since Sunday in town. This looks good and it is hoped it will continue to look that way. Tucumcari has not suffered as badly as most of the sister towns. Don't know whether this luck should be attributed to the wonderful climate or not.

The Red Cross Work Rooms at the Elks Club will be open in the afternoons of Tuesday, Thursday and Saturday of each week. 800 garments to be finished by the last of January. Those who cannot come to the work room, may take work home with them. All who cannot call for work should call Mrs. John Briscoe, or Mrs. W. R. Steckman, and it will be looked after. There is need of more knitters and all those that can, please respond.

The Smart Set enjoyed a pleasant evening at the home of Miss Lucille Manney one of its members. The time was spent in playing games and merry making festivities until a late hour when refreshments, candies etc were served. Miss Bonnie Bessie Hamilton, who had just arrived to spend the holidays with home folks, was an honored guest who later became a member being initiated during the evening. The club will be entertained Christmas at the home of the president, Miss Arabelle DeOliviera.

Our poet is off on an extended vacation and the poem entitled "The Beautiful Snow" has been omitted this week. Anyhow the snow is falling today making the whitest Christmas experienced here in many a year. This makes the farmers glad and the cattlemen believe the loss of a few cows will be repaid many fold by a wonderful grass crop in the spring. It is an ill wind that blows nobody good. So here's hoping with the coming of peace New Mexico will abound with prosperity from border to border.

Two burros furnished by G. A. Flint to the Red Cross, were auctioned off Saturday by C. E. Hunter, who tendered his services free. A. R. Carpenter bought both and gave one back to be sold for the Red Cross. T. F. Graham has bought one of these burros three times and returned it to be resold for the Red Cross. A. H. Ferguson, a returned soldier, was one of the purchasers Saturday; also Tony Lucero has bought and returned one of the burros. The money has been turned over to the local Red Cross.

Mothers Thank Us

Keep your growing girls free from colds and weakening coughs and you are bringing them to healthy vigorous womanhood. Thousands of mothers have written letters of thanks, telling what **Foley's Honey and Tar** has done for their daughters in ridding them of coughs that "hung on" and weakened them just at the age when the young girls required all the physical strength they could command. **Foley's Honey and Tar** is noted for its quick effect on coughs, colds and croup. Mrs. Ada Sanders, Cottenstown, Tenn., writes:—"We use **Foley's Honey and Tar** as our best and only cough remedy. It never fails to cure our two girls when they have colds. GOD'S GREAT GIFT

The subject for next Lord's Day at the morning service at the Christian church will be in keeping with the season, "God's Great Gift."

For the stoppage of the cause of the greatest agony in some respects ever endured by man we are profoundly grateful. This Christmas season by contrast should be the most joyful in history.

Bible school promptly at 9:45 a. m. Evening worship at 7:00. Let us make this a great day.

Norris J. Reasoner, Minister.

"PALACE OF GEMS"

Blitz the Jeweler, as usual has one of the prettiest displays of "Beautiful Gems," ever seen in Tucumcari, or any other city. His north window is filled with diamonds, rings, charms and everything the heart or eye could wish to gaze upon. The south window is filled with a wonderful display of silverware. It is worth coming down town to view. The windows are illuminated at night. Read his ad. on another page.

Gasoline will take a tumble next week. It will pay you to read the ad. this week. You may save several pennies on gasoline alone. There are a number of ad worth reading. Do it now.
